LJR7 App Factory

Business Keynote

22 Minutes

From Idea To Live App, Every Day

How A Factory Builds Safe, Branded Apps For Your Business

The Promise

What You Leave With Today

One Clear Path From Your Idea To An App Your Customers Use

No Code. No Guesswork. Every Step Checked.

Who This Is For

And Who It Isn't

For You If

You Run A Service Business With Repeat Customers

For You If

Rules Or Licences Shape Your Work

For You If

You Want Your Own Brand On The App

Not For You If

You Want A One-Off Toy Nobody Returns To

Key ⊗ A Kill Answer: The Factory Stops These Early

Where This Started

The Backstory

Lisa's Story

I Kept Paying For Apps That Were Built Once And Then Left To Break

Each One Started From Scratch. None Of Them Learned From The Last.

The Moment It Changed

The Epiphany

Stop Building Apps. Build The Factory That Builds Them.

Same Road, Same Checks, Same Parts, Every Time

The One Thing

If You Remember One Slide

A Factory With Gates Is What Makes A Custom App Safe, Fast And Affordable

Gates Catch Problems While They Are Still Cheap

Three Things Most People Get Wrong

Three Secrets

Secret 1 · The Vehicle

Apps Are Assembled From Proven Parts, Not Invented

Secret 2 · You

You Don't Need To Be Technical, Just Clear

Secret 3 · The World

Safe And Legal Is Built In, Not Bolted On

Secret 1 · Eight Shelves Of Bricks

Every App Is Assembled From The Same Shelves

BASICS
Always: Sign-In, Menus

Boundaries
Allowed: Walls, Roles

Bucks
Money: Plans, Payments

Body
The Rest: Screens, Records

Brand
Swaps: Name, Colours

Boost
Found: Pages, Reviews

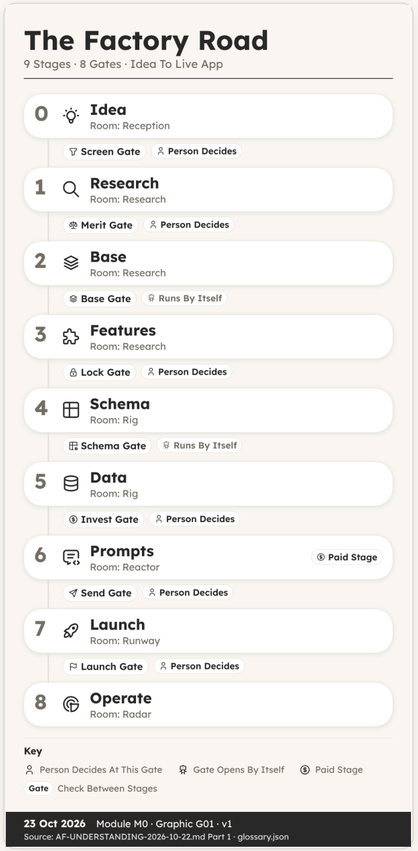

Brains
Works It Out: Scoring

Bots
Alone: Reminders, Imports

Secret 1 · One Road, Nine Stages

Every Idea Travels The Same Road

- **Starts As A Short Form**
- **A Person Decides At Six Gates**
- **Only Stage 6 Spends Build Credits**
- **Watched Every Day After Launch**

Key Person Decides · Runs By Itself

Secret 2 · You Just Fill In A Form

The Idea Form Asks What Only You Know

Your Vision

Who Pays

The Pain

20 Code Questions

3 Kill Questions

Verdict And Data Role

Plain Questions. Six Must Be Answered; The Rest Can Say Not Yet Known.

Secret 2 · 20 Codes In 4 Groups

Each Answer Is A Word Plus A Number

1 · Businesses

TEN (0-6) · PARENTS · DOWN · MEET · POOL · EXIT

2 · Who Signs In

ROLE · BELONG · GUEST · HELP · JOIN

3 · Customers

CUST (0-5) · PRICE · SHARE · SEN (0-3)

4 · Public

VIEW · POST · BRAND · SEND · PAY

Key Ring 1 Inside · Ring 4 Public · Group Icon

Secret 3 · Walls Keep Data Apart

Every App Gets The Walls Its Codes Call For

W1 Brand Wall

One Business Never Sees Another

W2 Member Wall

One Customer Never Sees Another

W6 Public Wall

Strangers See Only What Is Meant

W8 Sensitivity Hold

Health Or Children's Data Waits For A Check

Key Wall (W1-W8) Boundaries Shelf

Secret 3 · Tested After Every Paid Step

Six Checks, In This Order, Every Time

1

Record It

2

Check The Spend

3

Publish

4

Re-Probe Every Table

5

Test As Real Members

6

Mark It Done

Test Members From Two Different Brands Try To See Each Other's Data. It Must Fail.
