What An App Is Made Of, The Road, Rooms And Gates

What every app is built from, why most apps are made by hand, and the road of 9 stages, 11 rooms and gates that every idea travels in the factory.

What An App Is Made Of

M00-L1 · About 6 Minutes

You can name the four things every app is made of and explain why a factory reuses tested parts.

People: Who Uses The App

Every app has different kinds of people using it, and each kind needs different screens and different rules.

Most Apps Are Built By Hand

Someone starts from a blank page, invents the screens, the tables and the rules from nothing, and makes hundreds of choices along the way.
